EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with David Cupar on October 3, 2006.

On line 10 of claim 1, line 7 of claim 7 and line 8 of claim 13, the word "guanides," was deleted.

2. The following is an examiner's statement of reasons for allowance: Application serial no. 10/766,165 is being allowed since none of the prior art of record teaches or fairly suggests a synthetic urine composition comprising water having a pH of between 3 and 10, creatinine, an ionic compound dissolved in the composition so as to give the composition a specific gravity of between 1.005 and 1.025 g/cm³, and a biocide selected from one of the specific biocides recited in independent claims 1, 7 and 13. Specifically, none of the prior art of record teaches or fairly suggests a synthetic or artificial urine solution that mimics urine and has one of the recited biocides therein.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
